The Definitive Resource for Studying the Geography and Cultures of the World

World Geography and Culture Online enhances the study of countries, places, peoples, and geography concepts and skills. This comprehensive reference site makes it easy to study all aspects of a country, with facts at a glance and in-depth coverage through country entries, maps, flags, images, statistics, news articles, a gazetteer, and more. In addition, comprehensive entries about the U.S. states are also available. Ideal for history and geography classrooms and projects as well as for general country and U.S. state research, this online resource features an easy-to-navigate interface, search and browse tools, and tabbed search results.

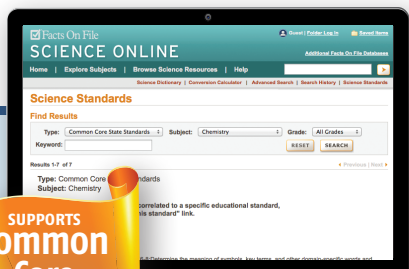

The screenshot shows the 'Compare States' tool interface. It allows users to select a statistic (e.g., 'Persons Below Poverty Level') and choose up to 10 states to compare. The selected states are listed on the right. Below the selection area, a horizontal bar chart displays the poverty level percentages for the selected states: California (13.3%), Massachusetts (10.0%), New York (13.6%), North Carolina (14.6%), Ohio (13.4%), and Texas (15.8%).
